À CHAQUE POSE UN SOL UNIQUE

Chaque dalle Carré Design est découpée dans un grand motif conçu pour être recomposé librement, à la manière d'un immense tableau abstrait.

Votre pose rendra ainsi votre sol textile absolument unique.

Notre recommandation : avant la pose, mélangez les dalles des différents cartons pour accentuer l'effet aléatoire de la composition.

Each Carré Design tile is cut from a large pattern that can be recomposed at will, like a huge abstract painting.

This means that each textile flooring installation will always be utterly unique.

Our recommendation: mix tiles from different boxes before installation to accentuate the random effect of your composition.

Jede Carré-Design-Teppichfliese ist aus einem großen Muster zugeschnitten, das so konzipiert wurde, dass es sich nach Belieben und wie ein riesiges abstraktes Gemälde zusammenfügen lässt.

Diese Verlegemethode macht Ihren textilen Bodenbelag vollkommen einzigartig.

Unsere Empfehlung: Mischen Sie vor dem Verlegen die Teppichfliesen der verschiedenen Kartons, um den Zufälligkeitseffekt zu verstärken.

DYNAMIC

Et si le sol était en mouvement ? S'il brisait les lignes établies ? S'il inventait de nouvelles trajectoires ? Vous surprendre, vous donner une sensation de mouvement, telle est l'ambition des carrés ultra graphiques de la série DYNAMIC.

What if the ground was forever in motion? What if it shattered pre-existing patterns and invented new trajectories? The highly graphic tiles in the DYNAMIC series aim to surprise you and create a sense of movement.

Was, wenn der Boden in Bewegung wäre? Wenn er etablierte Linien durchbrechen würde? Wenn er neue Wege aufzeigen würde? Die ultragrafischen Teppichböden der Linie DYNAMIC sollen Sie überraschen, Ihnen ein Gefühl von Bewegung vermitteln.

GEOMETRIC

L'intérieur est mis en perspective avec énergie et douceur, pour des espaces faciles à vivre.

Interiors gain fresh perspective, imbued with gentle, subtle energy for spaces that feel just right.

Die Innenausstattung wird mit Energie und Weichheit in Perspektive gesetzt, um Räume zu schaffen, in denen es sich gut leben lässt..

OBLIQUE

Des jeux d'optique pour modifier la perspective d'un couloir, les proportions d'un grand espace....

Optical illusions shift perspectives in corridors and play with proportions in large areas.

Optische Illusionen können das Erscheinungsbild eines Flurs verändern und die Größenverhältnisse geräumiger Bereiche neu definieren

FRACTAL

Ces motifs installent une identité forte, qui casse les angles et brouille les repères.

Patterns with hard-hitting identities break up corners and blur boundaries.

Diese Muster schaffen eine starke Identität, brechen die Kanten im Raum und lassen die Orientierungspunkte verschwimmen.

TOILE

Chic et toujours surprenantes, les trames habillent le sol comme un manteau de grand couturier.

Elegant and always surprising, these weaves adorn floors like a beautifully crafted coat.

Schick und immer wieder überraschend, die Teppichböden bekleiden den Boden, als hätte man einen Designermantel darüber ausgebreitet.

Redesigned stippled motifs are scattered across the floor, enveloping spaces with a gentle, muted touch.

Gestrichelte Linien in neuem Look breiten sich auf dem Boden aus und nehmen den Raum sanft in Besitz.

PETITS MOTIFS

Aucune symétrie dans ces motifs en mosaïque qui donnent du rythme aux sols les plus sages.

Forget symmetry with these mosaic patterns, which lend rhythm and pace to the plainest of floors.

MYTHIC

La terre, la mer, l'atmosphère... La déco part à la rencontre des paysages légendaires et intacts, des océans infinis, des éléments insaisissables. Pour faire entrer la nature à l'état brut dans notre quotidien urbain et civilisé.

At the crossroads of land, sea and sky. Decoration dips into the unspoilt beauty of legendary landscapes, endless oceans and the ephemeral elements to welcome raw, unbridled nature into the heart of our civilised urban lives.

Die Erde, das Wasser, die Atmosphäre ... Textile Deko trifft auf legendäre und intakte Landschaften, unendliche Ozeane, ungreifbare Elemente, um die Natur im Rohzustand in unseren urbanen und zivilisierten Alltag zu holen.

SOLID

Roche marbrée, sable du désert, terre craquelée... La planète originelle est sous vos pieds.

Marbled rock, desert sand, cracked earth... The planet in its untouched form is right beneath your feet.

Marmoriertes Gestein, Wüstensand, trockene, rissige Erde ... Unser Planet befindet sich unter Ihren Füßen.

MATIERE

Eaux troubles, tempête de sable, mouvements géologiques... Les éléments se déchainent.

Troubled waters, sand storms, tectonic shifts... The elements are unleashed.

Trübe Gewässer, Sandsturm, geologische Bewegungen ... Die Elemente sind entfesselt.

GAZEUX

Brumes, brouillards et nuages inspirent ses motifs d'une douceur vaporeuse et apaisante.

Motifs inspired by fog, mist and clouds create a hazy, soothing softness.

Dunst, Nebel und Wolken sind die Inspirationsquelle für diese luftig-weichen und beruhigend wirkenden Motive.

CARRÉ DESIGN | Stripe

STRIPE

Au commencement était le sillon du laboureur. Puis vint le trait de l'architecte et de l'urbaniste. Enfin arriva la rayure de l'artiste. Grand classique de la déco, la rayure se réinvente chez Balsan et raconte une histoire singulière à chaque pas.

First came the furrows ploughed by farmers. Next came the lines drawn by architects and urban planners. And finally, there was the artist's stripe. Balsan has taken an interior design classic, reinventing the iconic stripe for a unique story that unfolds with every step.

Im Anfang war die Furche des Pflugs. Dann kam der Strich des Architekten und des Städtebauers. Zum guten Schluss gesellte sich noch die Handschrift des Künstlers hinzu. Streifen sind die großen Klassiker unter den Mustern. Bei Balsan haben sie sich neu erfunden und erzählen mit jedem Schritt eine ganz eigene Geschichte.

RAYURE DISCONTINUE

Hâchées, disjointes, dérivées, ces lignes créent des dynamiques chargées d'énergie.

Broken, disjointed and thrown off course, these dynamic lines are full of energy.

Zerhackt, abgetrennt, auseinandergerissen, umgeleitet: Diese Linien schaffen energiegeladene Dynamiken.

RAYURE MATIÈRE

Sinueuse et organique elle se faufile, dessinant ses trames et ses méandres sous nos pieds.

Sinuuous and organic, this stripe has been left to wander, leaving a web of meandering lines in its wake.

Kurven und Bahnen zeichnend schlängeln sie sich in organischer Manier unter unseren Füßen dahin.

RAYURE CONTINUE

Lisse, régulière et rayonnante, elle donne au sol des allures de cadran solaire.

Smooth, regular and radiant, this design creates a sundial-style effect across your floor.

Glatt, regelmäßig und strahlend: Diese Streifen lassen den Boden wie eine Sonnenuhr aussehen..

URBAN

An ode to cities with all their flows, connections and matrices. These designs offer multi-faceted showcases of different urban atmospheres, from early-morning jogs to scintillating lights at night. Tube maps and beautifully aged walls form the bedrock of this graphic palette.
